BENNINGTON BRIEFS

News of the Town and Village Told Briefly for Busy Readers

W. L. Douglas Brogue oxfords for men \$6.00 a pair at Hart's. Adv.

Come and see "Held by the Enemy" and be thrilled as you were never before by the greatest of all love-melodramas. A Rollin comedy and a Parke News, Hart Theatre today. Adv.

Evan Burrows Fontaine, the beautiful dancer who plays the part of the vampire in "Women Men Love," was for two seasons the sensation of Ziegfeld's Midnight Frolic. Library Wednesday. Adv.

An advance agent of the Stark shows was in the village today to secure a license to exhibit the circus in Bennington on Saturday, June 4. The agent called at the office of the village clerk for a license which the clerk did not feel at liberty to grant because of the condition of Main street. It is possible that a special meeting of the trustees will be called this evening to consider the proposal. If a license is granted it may specify that no permit be given for a parade on Main street.

At the monthly Business Men's Luncheon to be held at the Y. M. C. A. tomorrow noon, Wm. H. Jeffrey, well-known state official, will be the principal speaker. The men of Bennington who have attended past luncheons at the "Y" will recall the splendid messages delivered by the speakers on those occasions. Mr. Jeffrey is a Vermont man and his talk will be one of great interest, dealing with conditions of evil and degeneracy discovered in several Vermont towns.

Preparations are being made at the county clerk's office for the June term of Bennington county court which will open at Manchester on the 7th. It is expected that the assistant judges will meet with the clerk in a few days for the purpose of drawing the jury. So many criminal offences have been disposed of in municipal court during the past five months that there will be no necessity for a session of the grand jury unless because of developments between the present time and the beginning of the term. Judge Sherman R. Monton of Burlington will preside and it will be his first appearance before a Bennington county tribunal.

Rev. C. F. Hill Crathern, former pastor of the Old First (Congregational) church at Old Bennington and who has been in the near East relief department of the Y. M. C. A., is at present at Athens with Mrs. Crathern. A cablegram received April 25 by C. J. Jackson, secretary of personnel, and forwarded to Guy B. Johnson, president of the Bennington county Red Cross chapter, states that Mr. Crathern was at that time too ill to travel and that physicians had recommended complete rest to bring about a recovery from hardships experienced in a minor where he was practically a prisoner for months.

Progenitor of the Galosh.

The great-grandfather of the galosh was the Englishman's jack boot, black as the leather bottles from which he drank his ale—solid and available as iron, square-toed and clumsy. Even the poorest of Puritans strode the streets with this one trivium of dress flaring at the top. It wasn't the "creaking of boots" that was the abuse, mourned one commentator upon this style, "but the generosity of the wearing and the manner of cutting boots out with huge, slovenly, immoderate tops."

Famous French Fortress.

Caracassonne, the walled city beside the snows of the Pyrenees, is the most famous medieval fortress in France, and has been preserved as a national monument. The old city stands on the summit of a hill overlooking plains in all directions, and is surrounded by two enormous walls, whose 52 pointed defense towers show completely the art of defense as understood between the Fifth and Thirteenth centuries. The Romans ruled here, then the Visigoths from Spain for three centuries, then the Saracens, and finally the French.

Gold Mining Now Prosaic.

There is scant romance in gold mining today, when natural science has taken the place of pioneerism and chance. There is none at all in the recently published statement of a San Francisco magazine who announced that his workmen and expert geologists had blocked out \$3,000,000 worth of ore in one Arizona mountain in the last two years, and that excavation and the production of bullion would now begin.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing, ringing and four Catarthal Deafness, go to your druggist and get 1 ounce of Postum (double strength), add to it 1/2 pint of hot water and a little cranberry juice. Take 1 tablespoonful four times a day.
This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dripping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarthal Deafness or has head noises should give this prescription a trial.

You Should Be the Same

A LARGE number of women's ailments are not surgical ones. Serious displacements or radical changes have not yet taken place.

A tiny part in a fine clock may become loose and cause the clock to gain or lose. If not attended to in time, the part may fall from its place and cause serious trouble. So it is with women's ailments, they start from simple causes; but if allowed to continue, produce serious conditions.

When the warning symptoms are first noted, take Lydia E. Pinkham's Vegetable Compound to relieve the present troublesome ailment, and to prevent the development of serious trouble.

North Troy, N. Y.—"When I was a young girl I had a severe female trouble. Mother gave me Lydia E. Pinkham's Vegetable Compound and after taking several bottles I was strong and well. When my daughter got married she was feeling miserable and I recommended your medicine. She is greatly improved in health and has a beautiful baby boy four months old. So you see this letter comes from the third generation and you may use it as you wish."—Mrs. R. M. GREENAWAY, 557 4th Ave., North Troy, N. Y.

Hutchinson, Kan.—"I was about 13 years old when I developed a female weakness. My mother took me to a doctor and I doctored for several months. I was too sick to do anything, was as thin as could be, and my complexion was yellow. Mother had used Lydia E. Pinkham's Vegetable Compound and it had helped her so much that she got some for me and before I had finished the second bottle I was feeling fine and have been ever since."—Mrs. J. A. STEVENS, 716 E. 9th St., Hutchinson, Kansas.

A Dog's Life.

A hound manufacturer of Southwick, England, was fined for cruelty to a dog by keeping it on a chain. He was said to have admitted that the animal had been chained for 16 years, and had been on only once during that period. Afterward it was found to be dying and was destroyed with the owner's consent. The magistrate described the offense as sentencing a dog to canine penal servitude.

THE YOUNG LADY ACROSS THE WAY.

We asked the young lady across the way if she read The Atlantic Monthly regularly and she said she didn't have much time to read now but she always looked at the pictures.

EATS EVERYTHING THAT COMES ALONG, NO MORE DIET

"As you have been a Godsend to me, that is a friend in need is a friend indeed," I will write and tell you about the value of your medicine—Dr. True's Elixir—believe me it does me good. I eat everything that comes along, no more diet. I even tried raw onions for a test. Is that not luck after nine years of only milk and eggs?" Mrs. J. E. (Nuttley, N. J.).

Here is one of thousands of cases where Dr. True's Elixir has helped. Sufferers of constipation and indigestion must have a Laxative—it is essential to good health. Try Dr. True's Elixir; it will surely win your thanks. Easy to take—mild—no harmful drugs.—Adv.
